2023 Union ACMS Goals

Each Union will strive to upload names and members as illustrated below, and these will also be distributed to the conferences and then local churches, but not limited to the suggestions given. This Union goal shall be shared with its conferences and fields and the Conference and fields shall share its goal with all the local churches. Our understanding and hope are that those local churches and conferences that are already at 100% will be uploading newly baptized members and any adjustments.

Total Division Goal – 350 500	

On average if each local church must upload 24 names for the whole of 2023, or about 3 names per month, or 1 name per week for us to reach this goal. Each conference on average needs to upload 7000 names only for the whole year, or 700 names per month, or 23 names per month, or 1 name daily, for us to reach our goal.

Our goal is SMART: specific, measurable, achievable, realistic, and time-bound!
